"Having a treasured book...as a bilingual edition means so much more than just making a classic bedtime story more accessible, this creates opportunities for...language learners to enjoy a cozy story time in their native and learned languages and to create a culture of reading in classrooms and homes. It is also a sign of respect: that we value

ALL of our children and families.” ~ Rhian Evans Allvin, Executive Director of the National Association for the Education of Young Children

“Wonderful, sweet story and perfect gift!

This story (as well as Judy's biography) remind me that those we love are always with us in spirit and that each of us truly does have our very own "Little White Light". I'll be keeping an eye out for mine, and this book will definitely be on my list as a top gift for all the kids in my life as well as a gesture of hope and remembrance for anyone I know who loses a loved one whether it might be family, friend or even a beloved pet!"
